

LITTLESTOWN FOUNDRY, INC. QUALITY POLICY

We will have a documented quality system that will help us be an industry leader in the non-ferrous foundry business.

These objectives will be met with these policies:

- 1. It is a condition of employment to follow authorized, written procedures at all times.**
- 2. All employees are responsible for knowing the authorized written procedures for their job.**
- 3. We will implement a documented quality and production system, which complies to ISO 9001:2015.**
- 4. We will continuously improve processes.**
- 5. All employees are responsible for the quality of their work.**
- 6. All employees are responsible for ensuring they knowingly do not pass defective materials on to the next operation.**
